In addition to the daily changing buffet meals with live-cooking stations, the extended dine-around experience with two brand new themed restaurants makes mealtimes one of the core pleasures of your holiday. The different dining rooms are spread across the resort, allowing you to alternate between theme night spreads, a traditional Cyprus tavern for an authentic local dining experience, international favourites in an inspiring setting, as well as popular American, Pan Asian and Italian specialities served in our à la carte restaurants.

Supported by our renowned consultant chef, our own award-winning team have injected each menu with culinary innovation; even well-known and popular recipes have been reinvented to give them a local or creative twist, or to accommodate different taste preferences.

The result is a culinary landscape of taste adventures, as each restaurant transports you to another time and place, inviting you to explore new dishes every day, whether you are sharing meals with the family or looking forward to a quiet dinner for two.

ENTERTAINMENT

FROM PLAYTIME TO SHOWTIME FUN DAYS, FANTASTIC NIGHTS

MEMORABLE HOLIDAYS ARE... HOLIDAYS THAT CARVE WONDERFUL MEMORIES IN YOUR HEART. THAT'S EXACTLY WHAT OUR RESORT IS ALL ABOUT.

What makes your days and nights at the Olympic Lagoon Resort so special is that it offers something for everyone. Here you'll find dedicated facilities for each age group and non-stop activities organized by our full-time in-house animation and entertainment team, the Kanika All Stars.

To allow young parents to take some time out, our qualified childminders at the crèche welcome babies and toddlers. The Little Monsters kids club is where children meet for daytime activities under conscientious supervision. Teenagers are known to be the tricky age group – so we've given them their own space to hang out with their peers. But we also bring all ages together with a programme of family activities.

After sunset, the nightlife begins. Our brand new custom-built Xperience Arena lights up, with a daily changing show that starts with a segment for children. The full stage of professional performers, the music, choreography, lights and projections are inspired by Broadway shows and musicals that clearly say 'it's showtime!'. End the evening with relaxing live music to accompany your nightcap at the You & Me bar.

POOLS FOR EVERY PURPOSE

SPLASH, KICK BACK, AND RELAX

THE VAST HOTEL GARDENS ARE LIKE A JIGSAW PUZZLE OF POOLS AND GREENERY WAITING TO BE EXPLORED.

Stroll around and you'll see splashing activity in the family pool, toddlers squealing in the kids pool, water jets bubbling in the quiet relaxation pool, and a stream of guests soaking the sun as they float down the lazy river.

To make sure you can sunbathe comfortably every day, the staff at the pool services kiosk will allocate sunbeds to your room number for the duration of your stay and hand you fresh pool towels every day.

With the pools spread across the resort, guests are also dispersed, bringing every area to life, without sacrificing each guest's personal space. Wherever you are, happy music creates an atmosphere of summer fun and carefree holidays.
